Fleet tracking for all vehicle types

Fully fitted by a member of our approved dealer network at your home or place of work. Our approved installation centres are located throughout the UK and Ireland.

Suitable for Plant and Agricultural Machinery

The website benefits from:

Geo-Fence - The system allows you to create a virtual perimeter around a specific location. This geo-fence can be labelled to allow easy identification. An email can be sent if the vehicle enters or exits the specific area.

Reports - The site offers multiple reports giving you a variety of information including journey, timesheet, and all activity data.

Street Mapping - Street view level mapping via Premium Google Maps.

Scheduled Reports - request reports in advance

Speed Warnings - Set your own ideal speed limit - if the vehicle travels above the set speed then you will receive an email.

Vehicle Icon - Variety of vehicle icons available for grouping and easy identification.

All devices within this brochure have the added benefit of a FREE locational mobile device app. For further information scan the code or visit www.globaltelemetrics.eu/app
